STUDENT REFUND POLICY

If Las Vegas Institute of Welding has substantially failed to furnish the training program agreed upon in the enrollment agreement, Las Vegas Institute of Welding shall refund to a student all the money the student has paid.

If a student cancels his or her enrollment before or during the first 3 days of the training program, Las Vegas Institute of Welding shall refund 100% of the tuition to the student or the agency which paid for the student's enrollment. Any tools, equipment, books, or training materials issued to the student are not included in this refund policy.

Any cancellation must be in writing and will be effective as of the date it is received by Las Vegas Institute of Welding.

If a student withdraws or is expelled by Las Vegas Institute of Welding after the start of the training program and before the completion of more than 60 percent of the program, Las Vegas Institute of Welding shall refund to the student a pro rata amount of the tuition equal to the total tuition multiplied by a fraction, the numerator of which is the number of days of instruction remaining, and the denominator of which is the total number of days of instruction scheduled for the course minus 10 percent of the tuition agreed upon in the enrollment agreement or \$150, whichever is less. If the withdrawal or expulsion is prior to or during the first 3 days of classes, the refund will be 100%, excluding any tools, equipment, books, or training materials issued to the student.

If a student withdraws or is expelled by Las Vegas Institute of Welding after completion of more than 60 percent of the training program, the student will not be refunded any money and Las Vegas Institute of Welding may charge the student the entire cost of the tuition agreed upon in the enrollment agreement.

If a refund is owed, the Las Vegas Institute of Welding shall pay the refund to the person or entity who paid the tuition within 15 calendar days after the:

- (a) Date of cancellation by a student of his or her enrollment;*
- (b) Date of termination by Las Vegas Institute of Welding of the enrollment of a student;*
- (c) Last day of an authorized leave of absence if a student fails to return after the period of authorized absence; or*
- (d) Last day of attendance of a student, whichever is applicable.*

Books, educational supplies or equipment for individual use are not included in the policy for refund.

Disputes must be resolved by the Director for refunds required by this subsection on a case-by-case basis. For the purposes of this section:

- (a) The period of a student's attendance must be measured from the first day of instruction as stated in the enrollment agreement through the student's last day of actual attendance, regardless of absences.*
- (b) The period of time for a training program is the period set forth in the enrollment agreement.*
- (c) Tuition must be calculated using the tuition and fees set forth in the enrollment agreement and does not include books, educational supplies or equipment.*

It is highly recommended that the student receive an eye examination prior to registering for any class. Weld quality is highly dependent on clear and accurate vision, especially at a "reading distance", approximately 8 – 24". If a student fails to obtain an eye exam and later it is discovered that the student has poor vision which effects the quality of their welds, the student assumes all responsibility and there will be no refund based upon a reason of poor vision.

The student also understands that they will be provided a copy of this Enrollment Agreement on the date of signature and upon signing, the student has 3 days to cancel this agreement and the student/agency will receive a 100% refund of the tuition amount.
